

# A story for Lisa: Mommy visits the doctor

Sometimes Lisa,  
Mommy and Daddy visit  
the kind doctor.

Mommy visited the doctor.

The doctor found an owie on Mommy's face and back.

Soon, the doctor will remove the owies and puts bandaids on Mommy's face and back.

Mommy will look a little different with a bandaid on her face!

Lisa might feel scared. But it is still Mommy.

Mommy feels safe and happy with the bandaid.

Soon the owie will heal and the doctor will remove the bandaid.

Mommy and Lisa have a big snuggle. Mommy loves Lisa.
