

# A story for Lisa:

Lisa will be a **Big Sister**

Lisa notices that Mommy is sometimes a Sickly Sue. Mommy eats special foods for her tummy. Mommy needs to lie down and rest.

There is a baby growing inside Mommy's uterus.

Before Lisa was born, Lisa grew inside Mommy's uterus!

Our baby will be born in the spring and doctors will help our baby out of Mommy's tummy.

Mommy and our baby will stay at the hospital for a few days, just like when Lisa was born.

Mommy and our baby will come home after the hospital and Lisa will meet our baby.

Lisa will be a **Big Sister!**  
Mommy and Daddy will take care of our baby and Lisa.

Our home will be different with our baby.

Lisa might feel happy, sad or mad from the changes.

Mommy and Daddy love Lisa and our new baby.

Mommy and Daddy will always take care of our family.
